THE POSITIVE SYSTEM

Offers a new and easy method of effecting Assurances on Lives for any amount, from Rs. 500 and upwards, on most advantageous terms.

The leading features are:—

- 1st.—Undertaking Life Assurance only.
- 2nd.—Abolishing all restrictions on Foreign Residence, Travelling, &c.; the National English Life Table, constructed for the Government, being taken as the basis of the premiums charged.
- 3rd.—Granting the option to Assurants of paying for their Life Policies by a limited number of premiums extending over five to thirty years, instead of continuing payments during the whole of lifetime; payments ceasing after the term of years arranged for has expired, but the full sum assured being paid by the Company, without deduction, should lapse of life occur before the term of years has expired.
- 4th.—Participation in the Company's Profits to all the Assured alike, there being but one scale of premiums, and no advantage gained by one class of Life Assurants at the expense of another.
- 5th.—Securing to the Assured a sum of money for each premium paid, by giving a Positive Promissory Note, or fully paid-up Policy, for the proportion of the sum assured represented by the premium, free from all conditions, and payable "to bearer;" which Promissory Notes, even if future premiums are not paid, remain always in force, are payable in full at death of the Assured, or may be surrendered to the Company during lifetime for 40 per cent. of the premiums paid.
- 6th.—Making a sure provision for the payment of claims by investing in Government Securities, in Trust with the Official Trustees of Bengal, all the net premiums received (four-fifths of the gross premiums), and which Fund is only available for the payment of Policies, and can be used for no other purpose. Additional security to Policy-holders is afforded by the investment in Consols in England of 20 per cent. of the paid-up Capital of the Company, to provide for any extraordinary mortality amongst the Assured, and to be drawn upon only in case of the Premium Fund failing to meet claims.
- 7th.—Exempting sums payable under Positive Notes from Legacy Duty or other charges, neither Probate of Will, nor Letters of Administration, being necessary to legalize their payment.

THE POSITIVE

Introduces a plan of business which entirely strips Life Assurance of defective security, forfeiture of Policies, limitation of travel, and all the conditions and restrictions so long complained of. In preparing the system, the study has been to reverse the principles, and to place all power over a Life Policy in the hands of the Assured instead of vesting it in the Company. The Policies of this Company are absolutely indisputable on any ground whatever, and the Assured must receive full value for each premium paid.

TOTAL AMOUNT OF CONSOLS AND GOVERNMENT PAPER HELD BY TRUSTEES FOR THE ASSURED ON 30TH SEPTEMBER, 1877, £169,731.

For full details, Tables of Premium, &c., reference should be made to the Prospectus, which may be had on application at the Offices of the Company, 6, OLD COURT HOUSE STREET, CALCUTTA.

COMMERCIAL UNION ASSURANCE COMPANY.

FIRE—LIFE—MARINE.

CAPITAL, £2,500,000.

LIFE DEPARTMENT.

THE advantage of effecting a Life Policy in a Mixed Office, that is to say, in an Office which transacts Fire business, or Fire and Marine business, in addition to the business of Life Assurance, as compared with a purely Life Office, is so obvious that it hardly requires explanation. In a purely Life Office, the Life Fund is the only available Fund besides the paid-up Capital, and has to bear the whole of the expenses; while in a Mixed Office the Assured are to a certain extent protected by the General Fund, and the Life expenses are partly provided for by the other departments, while the Life Fund, accumulated out of Life Premiums, is specially set apart for the protection of Life Policy and Annuity holders, in terms of the Life Assurance Companies' Act of 1870 (33 and 34 Vic., ch. 61) as follows:—

LIFE FUNDS SEPARATE.

"In the case of a Company established after the passing of this Act, transacting other business besides that of Life Assurance, a separate account shall be kept of all receipts in respect of the Life Assurance and Annuity contracts of the Company, and the said receipts shall be carried to and form a separate fund, to be called the Life Assurance Fund of the Company, and such fund shall be as absolutely the security of the Life Policy and Annuity holders as though it belong to a Company carrying on no other business than that of Life Assurance, and shall not be liable for any contracts of the Company for which it would not have been liable had the business of the Company been only that of Life Assurance; and in respect to all existing Companies, the exemption of the Life Assurance Fund from liability for other obligations than to its Life Policy-holders, shall have reference only to the contracts entered into after the passing of this Act, unless, by the constitution of the Company, such exemption already exists: Provided, always, that this section shall not apply to any contracts made by any existing Company, by the terms of whose deed of settlement the whole of the profits of all the business are paid exclusively to the Life Policy-holders, and on the face of which contracts the liability of the Assured distinctly appears."

The Commercial Union is a "Mixed" Office, in which the Life Fund has always been exempt by Deed of Settlement from liability to the other departments, and it is NOW held in special trust, both by Deed of Settlement and Act of Parliament, as EXCLUSIVELY liable for Life Policies. This Fund, which exceeds £550,000, is about 75 per cent. of the Total Premiums received from the commencement upon all existing Policies, after making full provision for Annuities and Bonuses declared, that is to say, only 25 per cent. of such Premiums and of the Interest thereon has been required to meet the Death Claims, and to provide for expenses of Management and Commission. NO LIFE OFFICE POSSESSES A LARGER RESERVE IN PROPORTION TO ITS LIABILITIES.

Life Policy-holders possess, in addition with the other contracts of the Company, the security of—

(2.) The paid-up and invested Capital of £250,000.

(3.) The general funds of the Company which exceed £650,000.

(4.) The uncalled Capital of £2,250,000 fully subscribed by a responsible body of Shareholders.

The Commercial Union being a young office, first Life Policy (issued in 1862), and never having amalgamated with any other Company, is entirely free from old liabilities.

Life claims are paid by the "Commercial Union" ONE MONTH after proof of death (the usual practice is to pay Three Months after such proof), and Military Men in Civil employ, or doing ordinary duty with their Regiments in time of peace, are accepted at Civil Rates.

The "Commercial Union" has published its yearly accounts in detail from the commencement.

The Company holds a first-class position in London, as shown by the price of its shares on the London Stock Exchange.

LIFE ASSURANCES of the following description are granted:

Endowment Assurances, payable at 50, 55, or 60, or sooner, in the event of previous death.

By a Limited Number of payments, viz., 10, 15, or 20, each payment constituting, if desired, a separate paid-up Policy for 1-10th, 1-15th, or 1-20th of the sum assured.

Ordinary Short Term and whole Life Assurances.

Joint Life Assurances, payable on the death of the first of two lives.

The Company also grants endowments to children, and Immediate, Deferred, and Survivorship Annuities.

ADVANTAGES TO INDIAN POLICY-HOLDERS.

THE results of the business of the *Universal* prove that the advantages to the Assured in India are greatly superior to those offered by any other Life Office, no Society, with so ample a Reserve for its Liabilities, having been able to grant so large a reduction as one-half of the Premium to Assurants on the "With Profit" scale. Other Offices, of more recent establishment in India, have sometimes, in the spirit of competition, accepted risks at unduly low Premiums; but such Offices have either ultimately failed to make good their promises of granting Bonuses or periodical reductions of Premium, or else have discovered that their system of business has been unremunerative. Such Offices have either liquidated—to the great loss of their Policy-holders and Proprietary—or else have found their profits for distribution amongst the Policy-holders too small to admit of any comparison with the ultimate economy of Premium in this Society.

The Society's Annual Cash Returns, or Reductions per cent. upon the Annual Premiums, English and Indian, have been at the rate of fifty per cent. for fourteen years consecutively.

The following Table gives examples of the operation of the reduction on Indian "With Profits" Policies upon which six annual Premiums have been paid:—

| CIVIL RISK. | | | | | MILITARY RISK. | | | | |
|----------------|--------------|-----------------------------|--|---|----------------|--------------|-----------------------------|--|---|

Sample Boxes, containing the Ten kinds, (smallest size) assorted, viz., 42 Soups, at Rs. 7-12, for Remittance with order. "No extra charges for out stations."

SPECIAL NOTICE.—It is most important that all the Soups are prepared with boiling water only, salt being previously added to it, and boil gently according to Directions given with each Soup.

CAUTION.—See that the Packets or Canisters bear on the Labels of the Société Générale des Potages Économiques of Paris the name of HENRY A. WOLFF, 40, Great Tower Street, and 28, Beer Lane, London.—NONE OTHERS GENUINE.

The eminent Analyst, Dr. ARTHUR HILL HASSALL, reports:—"I find all the French Soups of the Société Générale des Potages Économiques of Paris to be highly nutritious, of very pleasant flavour, and in a sound state of preservation; in fact, they form excellent Soups, many of them being particularly well adapted for the use of invalids. Their preparation is exceedingly simple, and their prices very moderate."

ANALYTICAL REPORT OF THE "LANCET," MAY 13, 1876.

"These Soups are sold in the dry state, the Consommé in tablets, the others either in small grains or in cakes with vegetables. They are wonderfully cheap, and the accounts we have received of their manufacture and rapidly increasing consumption are so interesting that we have thought it right to submit them to a somewhat careful examination. The basis of the Soup is meat extract, but the meat is mixed with vegetables during extraction and before concentration. The concentrated extract is either sold in the dry state, or is granulated with Semolina, Tapioca, &c., &c. It is only necessary to boil one of these preparations with water for a few minutes and a soup of excellent quality is obtained at a cost of not more than 1d. per head. We have analysed several samples, and our results confirm the accuracy of the published statements. The soups are, we think, likely to be very generally useful, particularly in the summer, when all unnecessary cooking should be avoided as much as possible. They are indeed sure to be as popular in the kitchen as in the dining-room."

SULPHINE.

SOLE MANUFACTURERS,

Messrs. WILLIAM BAILEY & SON,

HORSELEY FIELDS CHEMICAL WORKS, WOLVERHAMPTON;

And at Nos. 2 & 3, ABCHURCH YARD, CANNON STREET, LONDON, E.C.

SULPHINE is the most important discovery in medicine that has been made for many years. It is a clear and colourless liquid, possessing very remarkable therapeutical properties.

SULPHINE strikes at the root of numerous diseases, by destroying the germs which enter the system along with the food we eat, the beverages we drink, and the air we breathe.

SULPHINE purifies the blood from these sources of disease, by destroying the germs, or animated cells, which are carried by the circulation to every part of the system, and which propagate with amazing rapidity. It renders all the secretions healthy.

SULPHINE also stops fermentation and prevents putrefaction. It is a powerful disinfectant, and arrests the progress of all epidemics and contagious disorders. It is antagonistic to cholera, typhus, measles, scarlet fever, small-pox, and all Zymotic diseases.

SULPHINE, by regulating the fermentation of the food in the digestive organs, is an immediate cure for flatulence and indigestion. It is a specific for chronic dyspepsia, and strikes at the root of all those evils which follow in its train—headache, heartburn, nausea, constipation, debility, &c. By this action it allows time for the food to become properly dissolved by the gastric juice.

Price, 1s. 6d. and 2s. per Bottle.

Extract from letter of THOMAS SUTTON, Esq., B.A., (antab.)

"It gives me much pleasure to be able to testify to the merits of SULPHINE as a cure for indigestion. I had been for three years a martyr to that complaint."

From FREDE ARNOUL, of Rôdor, France.

"Your SULPHINE has, after a few days, freed me from all painful sensations, and I certainly regained my strength as by enchantment."

"INDIGESTION CURED BY SULPHINE." Price, 3d. by Post, 3d.

"No one can look through Mr. Keith Johnston's Atlas without seeing that it is the best which has ever been published in this country. CABINET-MAKERS, UPHOLSTERERS, AND BILLIARD TABLE MANUFACTURERS.**55, 59, 60 & 61, Bentinck Street, Calcutta.**

By Appointment to H. E. the Viceroy and Governor-General of India, and to H. R. H. the Duke of Edinburgh.

BILLIARD TABLES.

C. LAZARUS & Co., as manufacturers, would invite particular attention to their large stock of full-sized Billiard Tables. One of the chief desiderata in a Billiard Table is, to secure such an arrangement as will admit of a Ball being struck so as to attain the highest speed without its jumping. This, it need scarcely be said, depends entirely upon the arrangement of the cushions. C. L. & Co., in mentioning this fact, would state that the subject has largely occupied their attention; and after repeated experiments and close consideration, they have discovered a principle in the manufacture of cushions which answers admirably the end desired. Since the manufacture of their cushions on this new principle, C. L. & Co. have received testimonials from some of the first Clubs in India speaking to the merits of the same. To secure *truth with speed*,—that is to say, the maximum of speed compatible with preventing the Ball jumping—is the object which C. L. & Co. have had in view, and which at length they have successfully attained. At the same time, the cushions, it should be stated, are quite as durable, or even more durable, under the new principle of making up than under the old.

IMPORTANT TO MESSES AND BILLIARD CLUBS,*Throughout India, China, Burmah, Ceylon, and the Straits.*

Consequent on the numerous applications that C. LAZARUS & Co. have lately had from parties residing at a distance from Calcutta to have their Billiard Tables re-cushioned on C. L. & Co.'s new principle, and as sending the old cushions to Calcutta for that purpose is attended with great delay, occasioning much inconvenience, C. L. & Co. have been induced to keep a stock of cushions on their new principle always on hand, which can be fitted to any table, the accurate length and width of the Slate Bed only being required.

Up-country Messes and Clubs can, by thus securing a spare set of cushions, ensure the constant use of the Table, a desideratum C. L. & Co. are satisfied they will not be slow to appreciate, as the inconvenience hitherto felt by the Table, being unavailable for play during such time as the old cushions are under repair, has been admittedly very great.

*New Cushions fitted to old Tables on the new principle.***BILLIARD LAMPS.**

The new Six-light Kerosene Duplex Burner Billiard Lamp, to suspend from ceiling by telescopic rods, supplied with Crystal Reservoirs, Wind Guards, and Punkah Protectors, specially adapted for India, and constructed on C. LAZARUS & Co.'s principle.

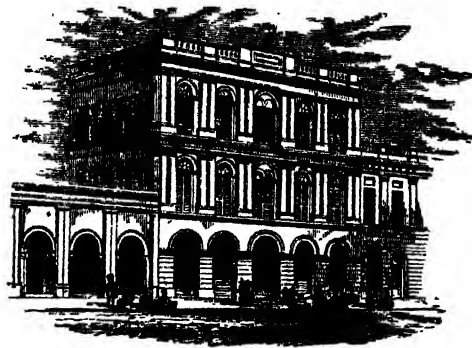

These Lamps have already been supplied to numerous Clubs, Messes, and Private Rooms in India, Burmah, China, Ceylon, and the Straits; and have, in every instance, proved satisfactory. They give a light equal to twelve ordinary Kerosene Lights, and from their principle of construction, the possibility of accidents is removed. The general design of these Lamps is graceful and elegant, and they form a very attractive addition to the general furniture of a Billiard Room.

C. LAZARUS & Co. have also for sale their superior Eighteen-light Ring Burner Gas Lamps, made on an improved principle. As these lights require no chimneys, and burn steadily under a breeze, they dispense with the old Argand Lamps, the chimneys of which continually crack, and falling on the table cut the cloth.

FREEMAN'S CHLORODYNE,

THE ORIGINAL AND ONLY TRUE,

Is allowed to be the greatest discovery of the present century.

FREEMAN'S CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery. **FREEMAN'S CHLORODYNE** effectually checks & arrests those too often fatal diseases—Diphtheria, Fever, Croup, & Ague. **FREEMAN'S CHLORODYNE** effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms. **FREEMAN'S CHLORODYNE** is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c. **FREEMAN'S CHLORODYNE** is the best remedy known for Coughs, Consumption, Bronchitis, and Asthma. **FREEMAN'S CHLORODYNE** rapidly relieves pain from whatever cause, allays the irritation of Fever, soothes the system under exhausting disease, and gives refreshing sleep without the production of any of the unpleasant feelings so commonly arising from the use of opiates.

The Right Honourable **EARL RUSSELL** communicated to the Royal College of Physicians of London, and to Mr. R. FREEMAN, the Inventor, that he had received information from Acting Consul WERN, at Manila, to the effect that the only remedy of any service in Cholera was Chlorodyne—See "*Lancet*," 31st December, 1864.

From MORS, BONJOUR BARTHELEMY, *Delegate of the Society for the Relief of the Wounded, Founder of the Catholic Committee, Decorated with the Cross of the Convention of Geneva.*

"Le Caillon pres Meung sur Loire, France, June 9th, 1873.

"I hereby attest that the Chlorodyne manufactured by **RICHARD FREEMAN**, Pharmacist, of London, is the best remedy against Cholera and Dysentery, and further affirm, as Director of the Anglo-American Ambulances and of French prisoners during the War from 1870 to 1871, that a large number of those under my care were attacked with Dysentery, and that by means of his Chlorodyne they were in a few days perfectly cured. It was also largely used by the Medical Staff with the same success. (Signed) **BONJOUR BARTHELEMY**"

IMPORTANT CAUTION.—FOUR CHANCERY SUITS terminated in favour of **FREEMAN'S ORIGINAL CHLORODYNE**, and against the Proprietors of Collis Brown's Chlorodyne.

LORD CHANCELLOR SELBORNE'S Judgment in "*The Chlorodyne Suit*," April 28th, 1873, and that of the **LORD JUSTICES of Appeal**, July 23, 1873, condemned the proceedings of John Collis Brown and J. T. Davenport, and decreed them to pay all Costs, thereby confirming the decision of **VICE-CHANCELLOR SIR W. PAGE WOOD** (now Lord Hatherley), July 12th, 1864.—See "*Times*," April 29, and "*British Medical Journal*," May 3, 1873.

Manufactured by the Sole Inventor, **RICHARD FREEMAN, PHARMACIST**, 70, Kensington Park Road, London, S. E. Sold by all Patent Medicine Dealers (except a few unscrupulous Chemists) in Bottles, 1s. 1½d.; 2-oz. 2s. 9d.; 4-oz. 4s. 6d.; 8-oz. 9s.; 10-oz. 11s.; and 20-oz. 20s. each.

CAUTION.—The extraordinary Medical Reports on the Efficacy of Chlorodyne render it of vital importance that the Public should obtain the "Genuine," which is only sold under the protection of Government, authorising a stamp bearing the words "**FREEMAN'S ORIGINAL CHLORODYNE**," without which none are genuine.

THE YACHTING SEASON.—*Punch* says, "There is nothing more refreshing than Rhinegau Champagne." **DENYER & Co. supply Yacht Owners free of Duty.**

H. R. H. the Duke of Edinburgh has honoured Messrs. **DENYER & Co.**, with commands to supply their 'New Sparkling Wine—Rhinegau Champagne,' for his Royal Highness's use on board the 'Sultan.'—*Army and Navy Gazette*, April, 1876.

The Court Journal says—"At a time when prohibitive prices circumscribe the pleasures of the table, a word of welcome is due to Messrs. **DENYER & Co.** for introducing 'The New Sparkling Wine—Rhinegau Champagne,' which superadds to the rich flavour of finest Champagne the aroma of the choicest Hocks, and at Half the price of the best brands of Champagne."

"For bouquet, delicacy of flavour, and all those excellent qualities, it stands unrivalled."—*Civil Service Gazette*.

The Court Journal says—"There can be but one opinion—it is **THE WINE** of the day. It is good and pure. The nobility, careful in this matter, have thoroughly patronised it. Has this year had Royalty's Stamp of approval placed upon it. Pic-nic and Palace fête know it, and thereat it has won the renown it deserves."

"**DENYER & Co.**'s 'Rhinegau Champagne' is of excellent quality."—*Westminster Gazette*.

The samples we analysed were bought of **DENYER & Co.**, 95, Regent Street, and were quite pure. We have since tried samples of Amontillado and Solera from the same firm, which are equally pure."

The Tablet, October 30th, 1875, says—"Messrs. **DENYER & Co.**, of 95, Regent Street, supply at £1½ the quarter-cask, and at 27s. the dozen, either a fine pale dry or full bodied Sherry, both which are perfectly sound wines, and as a vino de meso, or dinner wine, cannot be surpassed at the price for purity and delicacy. Their 'pure wines from Sanlúcar'—Manzanilla, Solera, and Amontillado—are fit to 'set before a king.'"
